INFORMATION FOR FIRST-TIME MARYLAND VOTERS WHO REGISTERED TO VOTE BY MAIL

Federal law requires that certain voters submit or present identification before voting for the first time in Maryland. You must submit or present identification before voting if:

1. You will be voting for the first time in Maryland;
2. You registered to vote by mail on or after January 1, 2003; and
3. You have not previously met the identification requirements of the Help America Vote Act.

Note: You are exempt from this identification requirement if you are entitled to vote an absentee ballot under federal law, including the Uniformed and Overseas Citizens Absentee Voting Act or the Voting Accessibility for the Elderly and Handicapped Act.

If you have not previously submitted identification or if you have been advised or suspect that the personal identification you provided on your voter registration application (your MVA identification number or, if you do not have an MVA identification number, the last four digits of your social security number) could not be verified by election officials, please include with this application one of the following documents:

1. A copy of a current and valid photo identification; or
2. A copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows your name and address.

If you are required to submit identification and do not provide the required identification with this application or with your absentee ballot, your absentee ballot will be treated as a provisional ballot. Your ballot will not be canvassed unless your identification information is presented or submitted to the board of elections before your absentee ballot is processed on the 1st Monday after the election. If your absentee ballot was treated as a provisional ballot, visit www.elections.state.md.us at least 10 days after the election to find out if your ballot was canvassed and, if not, the reason why not. You may also call toll-free 1-800-222-8683 to obtain this information.
